UNIVERSITY AND COLLEGE PLACEMENTS

PROCUREMENT

O'tege Concepts is your one-stop-shop for all procurement needs. We provide a complete Materials Management Program to support specific customer requirements.

O'tege Concepts deals with numerous vendors and manufacturers and can quickly compare products for specifications, pricing, discounts, and shipping schedules to obtain the most favourable terms.

PROJECT MANAGEMENT

We understand that our clients have projects:

1. For investment purposes
2. To provide a solution or satisfy a need
3. To comply with government or legal obligations

However, there are usually time constraints, limited resources, and work scope that need to be managed for a project to be successful.

We have qualified and certified project managers on standby to see your project to a successful completion. We will be happy to answer any questions or concerns you might have.

HUMAN RESOURCES MANAGEMENT

Human Resources Consultancy Service

At O'tege Concepts we take pride in our ability to identify and attract potentially qualified applicants for open positions. We also act in an advisory capacity to our clients on issues and challenges that impact their organization's recruiting goals.

O'tege Concepts has the technical competencies and certifications enabling us to deliver world class services to our clients. We are committed to our clients and will provide our services to your satisfaction taking into account compliance with safety and utilization of local content in the execution of projects. Below is our list of HR Services:

HR advisory & audit

UNIVERSITY AND COLLEGE PLACEMENTS

O'tege Concepts understands that bright minds are like plants. They need good and fertile soil to grow. There is a need to match these future leaders with the right school that will challenge them, make them think outside the box, and encourage growth. Without the right foundation their talents will be unharnessed.

In collaboration with many Secondary Schools, O'tege has been instrumental in bridging the gaps between Universities and prospective students. We facilitate meetings with Secondary Schools, introducing the various courses and programs the Universities and Colleges offer. We also facilitate virtual tours of campuses (if our client has the facility).

When the University or College is ready to visit the schools, O'tege can provide logistics support such as hotel reservations, transportation, venue bookings, advert placements etc. This ensures a seamless visit.

After the visit, O'tege follows up with the potential schools and students as they progress through the application process to ensure a high volume of applications. We will be happy to discuss your unique needs and requirements.
